

TRAFFIC SAFETY TRAINING CENTER

CRASH RECONSTRUCTION FROM VIDEO EVIDENCE

Edmonton Police Department and Traffic Safety Training Center will be hosting a 5-day Crash Reconstruction from Video Evidence course. This course will provide officers the knowledge to calculate speed from video evidence. Software will be provided to students attending class free of charge. Students Must have a laptop or computer to train on the software.

Dates: October 19 to 23, 2026

Time: 8:30 AM to 5:00 PM

Location: LIVE VIA ZOOM(This is live training via Zoom. Officers can ask questions and get answers in real time)

Cost: \$800.00 USD

Instructors: Retired Lt. Dale Smith formerly of the Traffic Safety Program Manager at the South Carolina Criminal Justice Academy. He was also a Sergeant of the South Carolina Highway Patrol MAIT Team. He is an ACTAR certified Reconstructionist and a recognized court expert on traffic crash investigation and reconstruction. Lt. Smith has over 20 years of experience investigating and reconstructing all types of crashes and he regularly teaches crash investigation around the country.

Topics Include

- Crash dynamics as they relate to video evidence
 - Determination of video evidence
 - Speed Calculations from videos
 - Time Distance Calculations
 - Field Exercises

Prerequisite: Completion of an approved 80 hour basic At-Scene Crash Homicide Investigation course or its equivalent.
